

EO Services contributing to SDGs

Disaster and risk intelligence

- Users: organisation with a mandate in disaster management, humanitarian and development aid, government agencies, international organisations, NGOs, health verticals, utilities
- Challenge/needs: Mayday.ai's platform allows environmental monitoring/of disasters
- Initiative: commercialisation starting as of autumn 2021
- Results: reduction of impact (less fatalities, economic damage and environment degraded), increased resilience
- Service provider: [Mayday.ai](https://www.mayday.ai)

Target: 12.4: By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment.
