

Towards an Operational GMES Land Monitoring Core Service

Service Specification

Issue 01

EC Proposal Reference No. **FP-7-218795**

Technical Product Specification

Content
Geographic coverage
Input data sources
<u>Input data:</u>
<u>Input data provided by Customer</u>
<u>Ancillary input data</u>
Methodology of classification
Spatial resolution
-
Minimum Width of linear features:
-
Coordinate Reference System
Geometric accuracy
Methodology of aggregation to 100m EEA grid:
Thematic accuracy
Accuracy assessment approach
Update frequency
Delivery format
Data type
Raster coding
