

EO services contributing to SDGs

Rheticus® Safeway

- User: Engineering & transport infrastructure management companies
- Challenge/Needs: reduce service disruptions and/or threats for people.
- Initiative: Internal Development
- Results: the service allows an “a priori” approach, helping to highlight problems before they become critical. As a result, operators better manage their financial resources, ensure people’s safety, environmental protection and the safeguarding of assets at all stages of the life cycle of infrastructures, from design to production, management and maintenance.
- Service Provider: Planetek Italia’s Rheticus platform
