

EO services contributing to SDGs

Disaster and risk intelligence

- Users: organisation with a mandate in disaster management, humanitarian and development aid, government agencies, international organisations, NGOs, health verticals
- Challenge/needs: Mayday.ai products allows environmental monitoring/of disasters (i.e. air pollution with a high level of granularity)
- Initiative: commercialisation starting as of autumn 2021
- Results: reduced impact (less fatalities, economic damage and environment degraded), higher awareness
- Service provider: [Mayday.ai](https://www.mayday.ai)

Targets: 3.9: By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination, **3.d:** Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks.
