

Mercator-Ocean

Mercator Ocean is a privately-owned non-profit company. It provides a service of general interest to France and Europe as a whole. The organisation was founded and is funded by the five major French institutions involved in operational oceanography: [CNRS](#) (National Center of Scientific Research), [Ifremer](#) (French Research Institute for Exploitation of the Sea), [IRD](#) (Institute of Research for Development), [Météo-France](#) and [SHOM](#) (Hydrographic and Oceanographic Service of the French Navy).
