About the EO Wiki:

This is the home of the EARSC EO WIKI space. It provides a great resource for understanding EO applications in all their variants structured according to the [EARSC Taxonomy](#) which identifies a full range of products coming from EO services and describes their application. For a full description of the EO Wiki go to the [specific help page](#).

EO SERVICES IN EARSC TAXONOMY

EO applications and services are described using the EARSC Taxonomy to organise them by thematic area and by market sector to which they apply.

EO INDUSTRY INFORMATION

Find information on the companies supplying EO Services and some of their successes

EO ACTIVITIES

Find information on some of the major research and development projects in Europe as well as on new technologies being introduced to the sector.

EO PARTICIPATION & QUESTIONS

Find partners and information to participate to R&D activities and ask questions of experts in the field.
