EO4OG - provides a comprehensive guide to geospatial Products using EO data dedicated to meeting the needs (challenges) of the Oil & Gas Industry.

[Ogeo-portal](#) is the forum for information exchange between the oil and gas and geoinformation professional communities.

EO4OG: EO geospatial products for the Oil & Gas Industry

The image is a composite. The top half shows a world map from Google Maps with several colored location pins (green, purple, blue, pink, yellow) placed across various continents, including North America, Europe, Africa, and Asia. Overlaid on the map is the text "Find successful examples: [Locate Cases](#)" in green. The bottom half of the image shows a large offshore oil rig at sea. Overlaid on this image is the text "Find the product to meet your needs:" in green, followed by "[EO Products](#)" in blue, and a "[Link](#)" in blue at the bottom left.
