

# Introduction and Open Discussion about EO Exploitation Platform Common Architecture

**Where:** Living Planet Symposium, Milan

**When:** 16th May at 12 pm in the Agora Metallica room

EO Exploitation Platforms Common Architecture" initiative aims at facilitating the user's life in the new EO ecosystem - full of different platforms, clouds, services - by ensuring that a common set of functions and interfaces exist across all providers that can be used without changes.

**Join our session and participate in an open discussion** to share your ideas on how to define and evolve the interfaces, technologies and solutions to achieve a simpler EO Value Chain.

For more information and register to the event, please contact: [Eoepca.SystemTeam@telespazio.com](mailto:Eoepca.SystemTeam@telespazio.com)
