

# eoSCAN (April 2016)

Market Watch "at glance"

April 2016

## Market

- Airbus Defence and Space and Thales to produce new digital maps for French defence
  - Canadian Space Agency Awards UrtheCast \$2 Million to Support OptiSAR Constellation
  - Central American Association for Aeronautics and Space Crowdsourcing First Satellite Project
  - DigitalGlobe Signs On New International D&I Client
  - DMTI Spatial Recognized as a Canadian Cloud Leader by Microsoft Canada
  - ESA: space spin-off fosters 400 new companies
  - EO Data Startup Rezatec Raises \$1.4 Million for Satellite-Based Analytics
  - Ministry of Economic Affairs in Netherlands Leverages an Imagery Service for 70,000 Users in Seconds
  - MDA to provide additional direct access ground station solutions for DigitalGlobe
  - MDA to demonstrate geospatial information solution to US Air Force Research Lab
  - MDA signs contracts for subsystems
  - Michael Jones, Top Google Executive Is Joining an Investment Fund
  - NASA, Japan Make ASTER Earth Data Available At No Cost
  - OneWeb Satellites Completes its Industrial Organization
  - Partnership Between PCI Geomatics & MapAfrika Is Renewed
  - Rapid growth, change predicted for remote sensing industry: Urthecast leads way
  - Satellogic on its way to launching 300 satellite constellation for Earth observation
  - Smallsat Foray will add to DigitalGlobe's high-res imagery arsenal
  - Teledyne Optech to Announce New Airborne System at ASPRS Imaging & Geospatial Technology Forum
  - Terra Bella Evaluating Launches for Eight SkySats by 2017
  - The space renaissance and regulatory environment: moving beyond oversight
  - Twenty Doves Take Flight on Successful OA-6 Launch
  - UrtheCast wants 8 satellites on top of 16 Surrey stands to build
  - UrtheCast and National Geospatial-Intelligence Agency Form R&D Partnership
  - UrtheCast signs contract with NGA for Earth Observation. UrtheCast to receive CSA Technology Award
  - World's first space-focused venture capital fund appoints ex-Google Tech Chief, Michael Jones, to Advisory Board
  - Woolpert Contracted by USGS to Map, Survey Throughout U.S.
- 
- Defense requirements creating new opportunities along Earth observation value chain
  - Euroconsult Offers Their EO For Defense & Security Expertise
  - Government Space Programs: Strategic Outlook, Benchmarks & Forecasts 2015-2024 - A New Growth Cycle in Government Space Spending is Expected to reach \$81.4 Billion
  - Remote Sensing Industry Expanding Commercial Opportunities, Reports BCC Research
  - Report: Countries conceal surveillance programs through Earth Observation
  - Satellites To Be Built & Launched By 2024 - World Market Survey - Research and Markets
  - Sentinel-1B will complete Europe's "Radar Vision"
  - Technavio Announces Top Five Vendors in the Global Remote Sensing Satellite Market From 2016 to 2020
  - UrtheCast Reports 2015 Fourth Quarter and Full Year Financial Results and Announces 2016 Financial Guidance
- 
- BridgeSat Teams with Surrey Satellite US on Optical Satcom Solution
  - Cartosat-2C to boost military surveillance capabilities
  - China keen to support Africa's capacity building in geoinformation
  - China can meet Chile's satellite needs: ambassador
  - Data Being Received From The Sentinel-3A Satellite Is Most Promising
  - Indian govt clears Rs3,679 cr project involving remote sensing
  - New Autonomous Airborne Mapping Solution Redefines Industry Expectations
  - NASA to launch space weather satellite ICON in 2017
  - NOAA administrator skeptical about commercial weather data
  - NOAA Gets Space Weather Boost from Senate Appropriators
  - OneWeb Satellites Picks Florida Site for Manufacturing Plant
  - Pakistan planning to auction first DTH licences this year
  - Perspectives on Creating a Space Industry Ecosystem in India
  - Rwanda government signs agreement with US-based company for drone infrastructure

- Sentinel-3A feels the heat
- Sentinel-1B To Work Its Wonders After April 22nd Launch
- [Talbot Jaeger, Founder of NovaWurks to Speak at 2016 Space 2.0 Pre-Summit Briefing](#)
- Technology startups blossom in **UAE** with ESA and EIB partnership
- The space renaissance and regulatory environment: moving beyond oversight
- USDA Rural Development to observe Earth Day in Central City
