

eoSCAN (April 2017)

Market Watch "at glance"

April 2017

Market

- [1Spatial Technology Makes German Mapping Authorities 40% Faster](#)
 - [Astro Digital raises funds to develop its Earth imaging satellite system](#)
 - [Ball Aerospace, Spire partner to help NGA develop Arctic Maritime Traffic Monitoring Platform](#)
 - [BeiDou's Applications, Role in Asia Continue to Evolve](#)
 - [Cloud is a prefix to IoT, Esri launches Landsat Explorer web app and others](#)
 - [Leveraging Big Data to Unlock Value in Space](#)
 - [Our Economy Depends on Earth Observation and Scientific Research](#)
 - [Partnership Agreed to Improve Access to Pan-European Maps for Copernicus Users](#)
 - [PAZ to extend Airbus radar satellite constellation for improved monitoring capabilities by end of 2017](#)
 - [Planet unveils satellite imagery online tool](#)
 - [Raytheon speeds delivery and secures satellite weather data](#)
 - [Spaceflight Industries Reveals BlackSky Spectra; Airbus's Pléiades, SPOT6/7, KazEOSat-1, and TerraSAR-X Join Growing Satellite Imagery Service](#)
 - [Spaceflight Industries Unveils New Imagery Service, Airbus Satellites Added](#)
 - [UrtheCast Receives Funding for Development of OptiSARTM Satellite Constellation](#)
-
- [Commercial remote sensing companies seek streamlined regulations](#)
 - [Earth-i Ready to Develop the Australian Earth Observation Marketplace](#)
 - [Europe Satellite-based Earth Observation Market by Technology, Application & Geography – Analysis & Forecast to 2021](#)
 - [Fixed UAV market to grow at 11.5% CAGR by 2022: Report](#)
 - [First Responder UAVs are Finally Getting Serious — Market Forecast Delineates Challenges and Solutions](#)
 - [Global markets dependent on BIM to reach at \\$7.64 billion by 2022](#)
 - [National Geospatial-Intelligence Agency Selects Esri for eNGAge Program](#)
 - [New consortium in Flanders 'BlueSpace' to stimulate innovation with space technology](#)
 - [Position sensor market to reach to \\$5.98 bn by 2022: Report](#)
 - [Precision agriculture global market to grow at 16% CAGR by 2022: Report](#)
 - [Small satellite market forecast to 2021 explored in latest research](#)
 - [Trimble Announces New Reporting Segments](#)
 - [2017 Global Airborne Short-Wave Infrared Split Spectral Remote Sensing Market in North America, Europe and Asia](#)
-
- [ACRI ST awarded JRC contract for GBOV of Copernicus global land products](#)
 - [DigitalGlobe, Hitachi Ink Reseller Agreement for Satellite Imagery Distribution in Japan](#)
 - [LTS International awarded Satellite Catapult contract for Monitoring and Evaluation of the EASOS programme](#)
 - [Teamsurv awarded Mercator Océan Contract](#)
 - [Vricon signs reseller agreement with Esri](#)
-
- [China Draws Digital 3D Topographic Map of Antarctic Seabed](#)
 - [China unveils results of first geoinformation survey](#)
 - [China ready to release massive amount of geographic data to the public](#)
 - [Eurasian Economic Union to Integrate Remote Sensing Satellite Capabilities in 2019](#)
 - [Geospatial Policy Framework in India](#)
 - [International Cooperation Key for Space Agency Leaders](#)
 - [ISRO Embraces Private Sector to Outsource Satellite Manufacture](#)
