

eoSCAN (December 2016)

Market Watch "at glance"

December 2016

Market

- Antrix's major revenues will come from satcom business
 - China's Competitive Cost Of Commercial Launch Company Slashes Pricing
 - COSMO-SkyMed second generation contract signed
 - DigitalGlobe Announces Successful Refinancing
 - Esri Offers Customers On-Demand Deployment and Managed Services in the Cloud
 - exactView RT Launch Expected in January
 - Hexagon Geospatial Announces Partnership with HERE
 - Hexagon Launches New Financial Plan at Capital Markets Day
 - Machine learning creates living atlas of the planet
 - New Satellite Doubles DigitalGlobe's Earth Imaging Capacity
 - OneWeb Gets \$1.2 Billion in Funded Capital Led by SoftBank Group
-
- 2017 Business Guide GIM International
 - Big data a big market for small satellites
 - BigData Earth Develops New Location Profile Report for Worldwide Agricultural Land
 - Exceeding \$18 Billion Is The Land-Mobile Via Satellite Market, In NSR's Estimation
 - [FSS Operators: Benchmarks & Performance Review](#)
 - Global Markets for Machine Vision Technologies
 - Global Satellite-Based Earth Observation Market to Grow at a CAGR of 13.23% over Forecast 2015-2019
 - Global Small Satellite Market (By Type, By Application, By End-Use): Trends, Opportunities and Forecasts (2016-2021)
 - Land Surface Remote Sensing in Continental Hydrology
 - NASA Selects RFF as Home for New Earth Observation Consortium
 - NSR: Drones Offer \$19.9 Billion Opportunity for Satellite
 - Recent Developments of Global Satellite-Based Earth Observation Industry 2016 Market Innovations & Key Technologies
 - [Satellite Value Chain: The Snapshot 2016](#)
 - Satellite-Based Earth Observation Market: Micro and Macro Factors Essential for Existing Industry Players
 - Satellite-based earth observation global market segmentation and major players analysis and forecast to 2020 detailed in new research report
 - UrtheCast takes \$7.8M impairment charge on ISS-mounted cameras
-
- CLS and Telespazio UK won ECMWF tender
 - Earth-i announces a major contract award from the Government of Queensland, Australia
 - EUMETSAT Selects Thales Alenia Space... Likes That PDAP For Eumetsat Polar System
 - exactEarth gets £1.1 million project from the UK Space Agency
 - GAF, GeoVille, SIRS and e-GEOS contracted by the European Environment Agency to implement the Copernicus Land Monitoring Service < High Resolution Layers 2015
 - GeoAgro to Deploy Iteris ClearAg on Two Continents
-
- African country selects ISI to provide satellite imagery
 - Agreement between ASI and JAXA
 - Cabinet Approves MoU for Cooperation in Exchange, Use of U.S. Land Remote Sensing Satellite Data
 - China Made Pakistan's First Remote Sensing Satellite, Launch in 2018
 - China Launches First Quantitative Remote-Sensing Weather Satellite
 - China issues white paper on space development
 - European ministers approve €10.3bn in space funding
 - European ministers ready ESA for a united space in Europe in the era of Space 4.0
 - Estonian Eutsat delivers Earth observation cameras to European Space Agency satellite
 - Global partnerships to drive development of **Earth observation** programmes
 - India Launches Third RESOURCESAT Satellite
 - IoT & the Uber-Connected Society
 - ISRO all set to launch 83 satellites in one mission
 - ISRO successfully launches earth observation satellite Resourcesat-24
 - ISRO to launch record 83 satellites in one go in January
 - Global partnerships to drive development of **Earth observation** programmes
 - How UrtheCast teamed up with NASA to take **Earth**-views to the next level and into your living rooms

- New Chinese commercial-launch company advertises high launch rate, low price
- Pakistan to get **Earth** imaging satellite from China in 2018
- Remote Sensing Data to Reshape Australia
- Russia to Expand Its Constellation of Earth Observation Satellites
- SCIO briefing on white paper on China's space activities
- South Korea Refuses Using Local Mapping Data Due to Security Concerns; Google Disappointed
- Spain, Ukraine sign MoU for bilateral cooperation in remote sensing
- Turkish earth observation satellite GÖKTÜRK-1 launched successfully
- UK commits to European collaboration on science and exploration, satellite technology and services
- Antennas for Systems and Devices: Technologies and Global Markets
- Bluesky Geospatial Aerial Photos Update Irish Tourist Maps
- Bridenstine Says Satellite Industry Needs to Do More
- Capella Space Schedules Launch of First US SAR Satellite
- Europe's Galileo Woos Indian Navigation Business
- GeoAgro to Deploy Iteris ClearAg on Two Continents
- Geospatial and Smart Cities. Where is the connect?
- Indian Space Center Using Drones for Multiple Initiatives
- ISRO Set to Launch 83 Satellites in One Mission
- Land Image Acquisition By Göktürk-2 Satellite Hits 23.8 Million Kilometers
- UK government funds \$128 million to develop Protector UAV
- USDA Invests \$225 Million in Innovative Conservation Partnerships
- Sharing Earth observation satellite data to help understand our planet
- SKY Perfect JSAT, KSAT to Collaborate on Asia-Pacific Ground Stations
- Spire Releases CubeSat-Based Flight Tracking SolutionEuropean ministers approve €10.3bn in space funding
- Swiss Start-Up Searches for Funding for Nanosat Constellation
- TomTom Extends Relationship with SAP to Deliver Location-Aware Innovations Globally
- Thales and SENER to jointly supply optical payloads for space missions
- what3words Adopted by Six National Mapping Agencies
- 5G Infrastructure Association Adds SES' Christine Leurquin
