

eoSCAN (July 2015)

Market Watch "at glance"

July 2015

- Aid for Trade at a Glance 2015
- Astron partners with satellite imagery specialist Geoimage
- Belarusian-Russian remote sensing satellite soon
- BlackBridge and EarthSTAR bring RapidEye to China
- BlackBridge to be Acquired by Planet Labs
- Bluesky Mapshop Now Serving British Geological Survey Data
- Bluesky, Ordnance Survey Ireland sign mapping contract
- China satellite technology soars ahead
- Copernicus: launching companies, not just satellites
- Environment Agency to make LiDAR data freely available
- EU invests 10 million euros into a research infrastructure for aerosols, clouds and trace gases
- European Commission signs up with China on remote sensing
- GeoVille Sàrl, Luxembourg Announces Management Buy-Out
- India Launches EO Constellation for UK-China Project
- [Is the geospatial-intelligence sector at the heart of the geospatial revolution?](#)
- Harris Corporation announces new organizational structure
- Hexagon Geospatial and BlackSky Global Establish Partnersh
- How outer space is becoming the next Internet
- ISRO to undertake biggest commercial launch on July 10ip
- Malaysia Signs Radarsat 2 Deal with MDA
- MDA to operate Canada's ground station infrastructure and expand its international business
- MENASAT GULF GROUP PLC in Joint Venture with NASDRA to develop a USD \$250M program for the design and build of "NIGERIA SAR 1", the first Nigerian SAR high-resolution earth observation satellite
- NASA Releases Detailed Global Climate Change Projections
- NASA Leads Development of a New System to Manage Low Altitude Drones
- New satellite constellation gives improved data to South African users
- [PlanetiQ and Blue Canyon Technologies Partner to Transform Weather Satellite Industry and Dramatically Improve Weather Forecasting](#)
- PeruSat-1 Heralds New Era In Earth Observation
- Smallsat Developers Enjoy Growth In Launch Options
- SmallSat Entrepreneurs Eye Commercial Market Over Government
- Spaceflight Teams with Spire, Radio Developers on SmallSat Ground Communications
- [Spire Raises \\$40M in Series B Financing](#)
- Successfully Launched Sentinel-2A will Provide Colour Vision of Earth
- Supergeo Confirms Dealership with National Space Organization for Satellite Imagery
- Teledyne Awarded \$15 Million Contract for Space-based Imagery
- The DMC3/TripleSat Constellation in the Orbit
- UNOOSA, Israel signed satellite remote sensing cooperation agreement
- UrtheCast's New Satellites Provide Big Data
- UrtheCast Acquires Deimos Imaging for \$83 Million
- US debates commercial weather data purchase
- USGS Ups Ease of Use for Landsat Data
