

eoSCAN (July 2018)

Market Watch "at glance"

July 2018

Market

- Airbus-led consortium to provide European Union with seamless satellite-based coverage of Europe at unprecedented scale and speed
 - Airbus and Planet Join Forces to Bring New Geospatial Products to Market
 - Airbus Makes Universal Space Access a Reality for UN . Airbus to Help United Nations Provide Universal Access to Space
 - Analysts Predict a Golden Age for Cubesats... If they Can Get Launched
 - Atos activates new Earth Observation platform Mundi to consolidate disaster preparedness
 - Copernicus Accelerator is looking for high-level professionals as mentors
 - DigitalGlobe and CGIAR Partner to Accelerate Machine Learning Solutions for Agriculture
 - EarthWatch Launched by DigitalGlobe. Free trial
 - Earth-i's Project OVERPaSS Consortium Funded by UK Space Agency
 - Earth-i leads consortium to develop on-board processing for video imagery from space
 - EC Open Call for the Copernicus Accelerator
 - [EO Investment Picture](#)
 - ESA, EIB Partner to Promote Space Investment Opportunities in Europe
 - Forget Google Maps - New live Street View will blow your mind
 - GAF Introduces Perfect Reference in x, y, z for Orthorectification of VHR Data
 - Google and the United Nations Environment Programme to partner to monitor environmental. Google and UN Environment Partner on Data for Global Goals
 - Indra Develops System To Give Direct Earth Observation Satellite Access
 - Looking back on 20 years of Copernicus
 - "LoReTT" Complex is the development of the Russian engineering company "LoReTT"
 - Maxar Technologies' DigitalGlobe Introduces EarthWatch, the Most Powerful Cloud-Based Commercial Product for Geospatial Information
 - Maxar considering quitting GEO satellite manufacturing business. Maxar's MDA Brings World-Leading Space Robotics and Sensor Capabilities to the United Kingdom. Maxar Technologies' MDA Announces Acquisition of Neptec Design Group
 - Microsoft has acquired GitHub for \$7.5B in stock
 - [PASCO Wins First Prize in Satellite Image Recognition Competition](#)
 - Planet Analytics Launched by Planet
 - Planet trims workforce by "less than ten percent"
 - Sinergise is the winner of the EARSC Company Achievement Award 2018
 - Spatial businesses in Australia welcome the Australian Space Agency
 - The World Bank and Singapore Land Authority Sign Memorandum of Understanding (MOU) to promote Greater Use of Geospatial Information and Technology for Sustainable Urban Development
 - University of Redlands and Esri Partner to Shape Future 'Spatial Transformers'
 - WEKEO provides harmonized access to Copernicus data
-
- Comprehensive Analysis of Global MEO Satellite Market (2018-2025)
 - Exploring InSAR Market
 - GEO Satellite Market Demand by Manufacturers, Countries and Application Commercial
 - Global Hyperspectral Remote Sensing Market 2018 Major Players
 - Global Remote Sensing UAV Market 2018-2022
 - Global Satellite-based Earth Observation Market 2018-2022
 - Global Satellite Manufacturing and Launch Market Share and Size by 2018-2023
 - Global Satellite Manufacturing and Launch Market 2018
 - Global Hyperspectral Remote Sensing Market Development, Market Trends, Key Driven Factors
 - Comprehensive Analysis of Global MEO Satellite Market (2018-2025)
 - Hyperspectral Remote Sensing Market Top Players 2017
 - Hyperspectral Imaging Systems - Which applications/end-user segments are showing wider adoption of this technology? Know the market growth
 - InSAR Market to 2022
 - Market Research Report for EMEA
 - Nanosatellite and Microsatellite Industry 2018 Global and Regional Market In-depth

- Nanosatellite and Microsatellite Market by Rising Trends and New Technologies
 - Off-grid Remote Sensing Power System Market 2018
 - Remote Sensing Satellite Market Takes Off, Driven by SmallSat Deliveries
 - Remote Sensing Satellite Market Overview by Technological Growth 2018 to 2021.
 - Remote Sensing UAV Market 2022 in APAC, Europe, North America, ROW
 - Remote Sensing Services - Global Market Outlook (2017-2026)
 - Satellite Bus Market: Global Industry Analysis and Forecast 2018 – 2025
 - [Satellite Remote Sensing - Global Strategic Business Report](#)
 - Satellite-Based Earth Observation Market – Analysis and Forecast (2018-2023)
 - Satellite-based Earth Observation Market in Europe Market Expected To Grow
 - Technavio Reports that Global EO Market and SmallSat Demands will Drive Growth
-
- Côte d'Ivoire To Acquire Earth Observation Satellite From Airbus, Rejects China Great Wall Industry Corporation
 - Continental Mapping Consultants Awarded \$570M in Prime Contracts for Global Geomatics Elevation and Aeronautical Feature Mapping for National Geospatial-Intelligence Agency (NGA)
 - Deimos Imaging and partners awarded multi-million Euro ESA contract
 - Harris Contracted to Enhance the National Geospatial-Intelligence Agency's Geospatial Data Services
 - Indra Engaging in Key ESA EO Development Initiative
 - Maxar Technologies' Radiant Solutions Awarded Janus Geography Prime Contract by the National Geospatial-Intelligence Agency
 - Thailand Selects Airbus for Theos-2 Satellite, Total Budget \$238 Million. Thailand's Space Agency Signs Imagery Contract
 - UrtheCast Subsidiary Deimos Imaging and Partners Awarded Multi-Million Euro ESA Contract
-
- Aberystwyth leads £3m project for Wales' growing geospatial and space technology sector
 - [Argentina, venture capital surges even as the broader economy stutters](#)
 - Australia is officially space-ready!. details the priorities of the Australian Space Agency
 - Angola Eyes New Satellite as African Space Race Accelerates
 - Azerbaijan, Austria to Cooperate in the Field of Real Estate Cadastre and Geographic Information System
 - Beyond GEO Satellite Market Demand by Manufacturers, Countries and Application Commercial .
 - China wants to beat NASA
 - China Launches Another BeiDou Navigation Satellite
 - Cubesats from Malaysia, Bhutan & the Philippines on SpaceX's Dragon launch
 - EU Eyes 16-billion-euro Space Program for Navigation and Earth Observation
 - Farewell message from outgoing GEO Secretariat Director Barbara J. Ryan to the GEO Community
 - Innovation in earth observation satellite market global industry analysis scrutinized in new research
 - Irish Space Strategy for Enterprise launched
 - Jordan, China Discuss Cooperation In Surveying And Mapping Field
 - Kenyan officials laud China for supporting scientific research in Africa
 - Maya-1: Cube satellite latest Pinoy venture into space
 - [NASA Gives \\$1.4 Million to Help Minority-Serving Colleges Develop New STEM Courses](#)
 - On the EU's Space Program and new EU Agency for Space Proposal
 - Pakistan Fully Prepared to Launch Remote Sensing Satellite Next Month
 - Philippines launches 1st CubeSat into space
 - Russia to create \$150 mln Earth observation satellite by late 2025 . Russia to Procure New Remote-Sensing Satellite
 - Simplified access to climate data from Copernicus and its partners
 - Spatial professionals welcome the Australian space agency
 - Sweden calls for help as Arctic Circle hit by wildfires
 - Thailand's mu Space Explores Developing Earth Observation Satellites With Space Systems Loral
 - Tunisia Drone Project Financed by Korean Trust Fund To Be Launched
 - The Copernicus Start-Up Programme: coaching, networking and funding for your business
 - UAE Space Agency Contributes to Sustainable Development Goals
 - UAE Space Agency signs MoU with South Africa's space agency
 - UK space sector set to benefit from new European Space Agency contract
 - [Ukraine to introduce electronic auctions for subsoil use](#)
 - United States Beyond GEO Satellite Market By Application Analysis, Regional Outlook
 - U.S. and Brazil Sign MOU with Comp TIA and Federation of Industries of the State of São Paulo for Space Cooperation
 - Zimbabwe launches space agency. Zim ventures into space age . Zimbabwe launches space agency Zingsa
-
- 1M research grant to develop a small, light camera for Earth observation
 - Airbus launches AirSense and signs strategic partnership with Aireon
 - Agricultural industry eyes space data
 - ATLAS Space Operations brings on BlackSky's Earth observation constellation as customer
 - Big science and industry join forces to innovate new space technologies
 - Cape Analytics Raises \$17 Million to Grow its AI and Aerial Imagery Platform
 - [Capricorn Space secures licences needed to establish satellite ground segment infrastructure in Australia](#)
 - Comprehensive Documentation of EMEA (Europe, Middle East and Africa) SiC Substrates Market (2018–2025)
 - BELS+ project, which develops GNSS markets for EU companies
 - Earth observations for achieving the SDGs? ECOPOTENTIAL @ STI Forum 2018, UN headquarters, NY
 - Esri Publishes Cartography. Esri Developing ArcGIS Urban to Help Cities Orchestrate Real Estate Development. Esri Announces New Indoor Mapping Product
 - GIS Technology: 5 Years at the Forefront of Science
 - GNSS Market Report 5
 - Harris Corporation Awarded \$1.5 Billion in IDIQ Contracts to Enhance NGA's Global Geospatial Databases
 - Hyperspectral Earth observation instrument DESIS sets off for the ISS
 - [LeoLabs closes Series A funding to expand space situational awareness and mapping platform](#)
 - Maya-1: Cube satellite latest Pinoy venture into space
 - [Multispectral imaging device focuses on lowering cost of Earth observation](#)

- [Navy assists in providing new technology to the first Agro Entrepreneurship model village](#)
 - [New Basic Regulation For Aviation \(incl. Drones\) Is Adopted](#)
 - [OGC seeks public comment on proposed Statistical Domain Working Group](#)
 - [OGC Seeks Public Comment on New Version of OpenSearch for Earth Observation Suite of Standards](#)
 - [Perspecta to Provide Geography Data Management Services to National Geospatial-Intelligence Agency](#)
 - [Phillips Seed Gains Access to Farmers Edge's Satellite Imagery](#)
