

eoSCAN (March 2018)

Market Watch "at glance"

March 2018

Market

- Airbus to provide near real-time access to its satellite data
 - BlackSky shows off its first next-generation Global satellite for Earth observation
 - Cloud Constellation Corporation and Wasabi Combine Tech Forces for New Generation of Space-Based Services
 - Croatia's Amphinicy Technologies wins EU funding for Blink
 - Democratization of geospatial technology encouraging active collaboration
 - e-Geos, SES to build new ground station for European Data Relay System
 - Earth Observation Satellite Market Trends, Drivers, Strategies, Applications And Competitive
 - Earth-i to Launch ACCORD Satellite Program in Kenya and Rwanda
 - Ecometrica Gains Double Recognition as Fast-Growing European Technology Company
 - Geospatial industry must adapt and adopt to technological changes – Richard Blain, Earth-i
 - Frontier Precision Announces Acquisition of Geospatial Assets and Business of Geoline, Inc. in Seattle
 - Glasgow satellite and aerial imaging firm expands to target new sectors
 - ICEYE announces agreement with KSAT for maritime and ice monitoring data
 - [ICEYE and European Space Agency Announce Partnership to Change the Future of Earth](#)
 - [Investment in satellite activity stays strong](#)
 - KSAT-GMS :new strategic partnership to provide ground monitoring services
 - Maritime and Ice Monitoring Data Agreement Signed by ICEYE with KSAT
 - Maxar Technologies' DigitalGlobe Expands Agreements with Two Major Commercial Technology Customers
 - Maxar Technologies' DigitalGlobe Selects SpaceX to Launch its Next-generation WorldView
 - Plastics, Pollution, and Pirates: Satellite Vu Prepares to Tackle Humanity's Global Challenges
 - Radiant Solutions to Accelerate Machine Learning Tech for NSA
 - New partnership aids sustainable growth with Earth observations
 - New satellite data sharing system, Vit Nam Data Cube, introduced
 - Spaceflight Industries firms up European satellite alliance and \$150M funding round
 - [Shifting lines and new horizons in Earth observation markets](#)
 - Thales Alenia Space, Telespazio and Spaceflight Industries finalize alliance to manufacture Smallsats at scale and deliver innovative Geospatial services
 - Will ThinSats inspire the next generation of engineers and scientists?
-
- [Earth observation data & services market in 2026](#)
 - [EMEA \(Europe, Middle East and Africa\) Hyperspectral Remote Sensing Market – Manufacturers](#)
 - [Global LEO Satellite Market Outlook 2018- Airbus Defence and Space, OHB SE, Boeing Defense ...](#)
 - [Global Satellite Based Earth Observation Market 2018- eGEO, GeoOptics, Deimos Imaging . Global Satellite based Earth Observation Market trends, research, Analysis and projections](#)
 - [Guatemalan rainforest LIDAR and UAV technology have revealed hundreds of previously unknown Mayan ruins.](#)
 - [Hyperspectral Remote Sensing Market Production, Revenue, Export 2018 & Global Hyperspectral Remote Sensing Market 2018 Leading Players](#)
 - [Latest Report on Satellite-Based Earth Observation Market Growth, Share, Demand and, Research](#)
 - [Market Report on Civil Drone Operations](#)
 - [Maximising multispectral](#)
 - [Off-grid Remote Sensing Power System Market 2018: Company A, Company B, Company C ...](#)
 - [Remote Sensing Services Market by Platform \(Satellites, UAVs, Manned Aircraft, and Ground\)](#)
 - [Satellites to be Built & Launched by 2026](#)
 - [Satellite-Based Earth Observation Market Dynamics, Comprehensive Analysis, Growth,Trends](#)
 - [Satellite Capacity Pricing Index, 4th Edition \(Q1 2018\)](#)
 - [Shifting lines and new horizons in Earth observation markets](#)
 - [Small Satellite Services Market Worth 53.22 Billion USD by 2022](#)
 - [Today UrtheCast Corp Common shares Canada](#)
 - [UrtheCast Announces Senior Management Changes and Provides Corporate and Financing Update](#)
 - [Worldwide Hyperspectral Remote Sensing Market 2022 Segmentation Application, Technology](#)

- Why Earth Observation Satellite Market is in Demand since Years?
- Belfast Space Start Up 3DEO partner with Ghulam to Supply Innovative Solutions to the Satellite
- Frontex looks to track renegade AIS beacons. Frontex looks to track renegade AIS beacons
- International Peat Mapping Team Wins \$1 Million Prize
- Maxar Technologies DigitalGlobe Expands Agreements with Two Major Commercial Technology Customers
- UK's Earth-i Receives UKSA Funding for Agricultural Monitoring in Kenya and Rwanda
- Brazil inks Satellite Deal with EU on use of Copernicus Program
- Brexit could hinder Britain's space technology capabilities, warn experts
- Britain hopes to keep stars aligned with EU's space projects
- China's LEO Constellation Ambitions
