

eoSCAN (March 2020)

Company Highlights

- Airbus, Leonardo, join Australia's satellite research consortium
- Capella Space expands leadership team as it ramps to deliver timely and reliable EO data
- Ecometrica to Provide a Platform for NASA's Latest Earth Images
- Euro-Maps 3D DSM now also available via the Copernicus Data Access Portfolio
- ICEYE Unveils 25 cm. SAR Imaging Capability with Current SAR Smallsat Constellation
- Kleos to Target Environmental Challenges in Brazil
- Planet Forms Enterprise Partnership with Seisan
- Earth Observation Market Forecasts and Growth
- Earth Observation Satellite Market To See Ongoing Evolution
- GEO Satellite Market Trends and Segments 2019-2025
- Geological Remote Sensing Consultancy Market Forecast 2026
- Geological Remote Sensing Consultancy Market
- Global Geological Remote Sensing Consultancy Market 2020 Demand, Latest Technology
- Global Counterspace Capabilities: An Open Source Assessment
- Hyperspectral Remote Sensing Market to Witness Huge Growth by 2025
- InSAR Market Rising Trends and Technology Advancements 2020 to 2026
- Innovation in Products is the Key Strategy Adopted by Companies in Mid Infrared Laser Market
- [NSR Data Portal](#).
- OneWeb Considering Bankruptcy
- Optical Satellite Communication Market Trends 2019-2026
- Remote Sensing UAV Market Advance Technology and New Innovations 2020 to 2026
- Satellite-based Earth Observation Services Market Landscape Assessment by kind, Opportunities
- UrtheCast (TSE:UR) Sets New 1-Year Low at \$0.07
- Dutch geospatial sector joins forces around corona crisis
- Forest mapping firm Ecometrica wins NASA data contract
- pi Ventures leads pre-Series A funding in space-tech startup Agnikul
- Space-innovators fit the profile for European Innovation Council (EIC) funding opportunities, with a number of open calls that may be of interest.
- Air pollution plunges in European cities amid coronavirus lockdown
- British attempts to rival European space project 'paused' over disagreements and costs
- Canadian Space Agency's Letter of Interest for Seven 'Priority' Technologies
- Chinese smartphone camera photographs Earth from space
- ESA Mission Control Adjusts To Coronavirus Conditions
- India to Launch its First State-of-the-art Earth Observation Satellite GISAT-1
- India is gearing up to launch 10 Earth observation satellites
- ISRO: Harnessing space tech for public good
- Market Forecast Report on Remote Sensing Technology Market 2019-2025
- New Industrial Strategy for Europe, an SME Strategy for a sustainable and digital Europe, a report on identifying and addressing barriers to the single market, and a long term action plan for better implementation and enforcement of single market rules.
