

Horizon Europe Space Brokerage Event and info days ONLINE

From **28 – June 2021** the **European Commission** will organize virtual **Information Days** on the first calls under Horizon Europe **Cluster 4 "Digital, Industry and Space"**. This will provide participants the chance to receive first-hand information on the new EU Framework Research and Innovation programme, new funding opportunities and the new rules for participation. Horizontal issues and the Space part ("Destination 5") are scheduled on the first day: <https://www.horizon-europe-infodays2021.eu/event/cluster-4-digital-industry-space>

During this period **all Info days and brokerage events for all Clusters under Horizon Europe** will be organized: <https://www.horizon-europe-infodays2021.eu/>

In this context the network of **Space National Contact Points, COSMOS2020plus**, is organising a free of charge online ***Space Brokerage Event on 28 June 2021***. The event will give participants the opportunity to **matchmake with others** through pre-arranged meetings in order to identify possible collaborations and business cases and to facilitate the setup of Horizon Europe project consortia.

For this, registrants will enter profiles including search terms comprising the Space call titles of 2021 and 2022 (Space calls from both years are foreseen to be opened in parallel in October 2021, please see the topics here).
